WHY THESE HACKS WORK

Old GTM vs New GTM

OLD GTM	NEW GTM
~~Hire more SDRs and buy an AI SDR~~	**1 marketer with agents** does the prospecting
~~SDRs report to sales and write emails~~	SDRs sit under marketing and make **100 call attempts a day**
~~Leads come from form fills~~	Meetings come from **1st, 2nd and 3rd party signals**
~~1 funnel per segment~~	**1 funnel per account**
~~A test when someone has time~~	**7 tests a month** with a kill or scale date
~~Marketing reports MQLs~~	Growth owns the pipeline, from **stalled deals to Closed Lost**

BEFORE ANY HACK

5 Growth Rules

- [ ] **Analyze Your Full Pipeline**
  Campaign results show 1 stage. Once a week, check accounts showing interest, stalled deals, Closed Lost deals and champions who changed jobs.

- [ ] **Run 7 Tests a Month**
  Write a 5-line test plan before you start a hack. Use the template on the next page.

- [ ] **Kill or Scale**
  No meeting by your decision date? Stop. A meeting? Run it on your next 3 similar accounts.

- [ ] **Use Data You Already Have**
  Your CRM has stages and Closed Lost. Website visits show interest. LinkedIn shows job changes. Pull the 3 together once a week.

- [ ] **Report Meetings, Never MQLs**
  Track meetings booked and deals that moved a stage.

---

4 What counts as success

---

5 Decision date

The day you decide to kill it or scale it

PAID ADS

10 Paid Ads Hacks

1 Upload your competitor's customer list to LinkedIn ads and turn their 1-star G2 reviews into ad copy

(my tool CompetitorIQ finds the list for you)

WHEN
Your competitor raises prices or has an outage

MEASURE
Demo requests from their customers

2 Run LinkedIn video ads with an avatar that looks more realistic than you

(and I've seen B2B founders, it's not hard)

WHEN
Your founder keeps postponing the video shoot

MEASURE
Cost per meeting against your image ads

3 Test LinkedIn and Meta ads on synthetic prospects built from your sales calls

(they ignore your bad ads for free)

WHEN
Before you put budget behind a new ad

MEASURE
The synthetic winner beats your current ad live

4 Turn Closed Lost reasons into LinkedIn ads that answer the objection behind the loss

(your sales team keeps flagging it, now it's an ad)

WHEN
The same loss reason shows up 3 times in a quarter

MEASURE
Closed Lost accounts that reopen

PAID ADS

5 Show LinkedIn ads to ICP companies that raised a round in the last 90 days

("Congrats on the raise, now what?" writes itself)

WHEN
A target account announces funding

MEASURE
Meetings from funded accounts within 30 days

6 Pull your competitor's oldest Meta and LinkedIn ads with an Apify actor and build 100 variations of the winner

(an ad that runs for 6 months is printing money)

WHEN
You plan a new round of creative

MEASURE
CTR against your current best ad

7 Move Google Ads and Meta budget to your winning ad hourly with automated rules

(your agency checks it on Monday)

WHEN
3 or more ads compete for 1 Google Ads or Meta budget

MEASURE
Cost per meeting week over week

PAID ADS

8 Build a LinkedIn ad, landing page and lead magnet per ICP role

(the CFO gets an ROI calculator, the IT lead gets a security checklist)

WHEN
2 or more roles sit on the buying committee

MEASURE
Meeting rate per role

9 Make Meta and LinkedIn video ads at scale from 1 recording

(Claude killed video editors)

WHEN
Your Meta and LinkedIn ads need new creative weekly

MEASURE
New video ads live per week

10 Replace tired Meta and LinkedIn ads with a fresh version the day CTR drops

(before someone books a "quick sync" about it)

WHEN
CTR falls 20% below its first week

MEASURE
CTR back to baseline within 7 days

LANDING PAGES

4 Landing Page Hacks

11 Send LinkedIn ad clicks from target accounts to a page with their logo and name in the headline

(nobody scrolls past their own name)

WHEN
A target account clicks your LinkedIn ad

MEASURE
Form fills from target accounts

12 Swap the demo form on your Google Ads landing page for a calendar

(nobody fills 9 fields to get an email that says "we'll be in touch")

WHEN
Form fills take more than 48 hours to become meetings

MEASURE
Click-to-meeting rate

13 Trade your gated PDF for a calculator that asks for numbers

(they type their pain in dollars, and your SDR reads it before the call)

WHEN
Your lead magnet gets downloads and no meetings

MEASURE
Meetings from calculator users

14 Match your landing page headline to the exact Google Ads search term

(Google lowers your cost per click, and your CFO stops asking)

WHEN
Your Google Ads Quality Score sits below 7

MEASURE
Conversion rate and cost per click

SIGNALS

6 Signal Hacks

15

1st Party

Alert sales the hour a target account visits your pricing page twice in a week

(nobody reads a pricing page for fun)

WHEN
2 pricing page visits in 7 days

MEASURE
Meetings booked within 72 hours of the visit

16

2nd Party

Add ICP contacts who engage with your competitor's LinkedIn posts to a LinkedIn Matched Audience

(they liked the post, now show them the better product)

WHEN
Your competitor posts a launch

MEASURE
Meetings from those engagers

17

3rd Party

Reach out the week an ICP account posts a job for the problem you solve

(they're about to pay a salary for what your product does)

WHEN
A job post names your category

MEASURE
Meetings from hiring accounts

SIGNALS

18

3rd Party

Reach out the week an account removes your competitor's script from its website

(they broke up with your competitor, so be the rebound)

WHEN
Your competitor's pixel disappears from their site

MEASURE
Replies within 14 days

19

3rd Party

Run LinkedIn ads to ICP accounts researching your G2 category this week

(they're shopping, so show up in the store)

WHEN
G2 buyer intent shows an ICP account comparing your category

MEASURE
Meetings from G2 intent accounts

20

Mixed

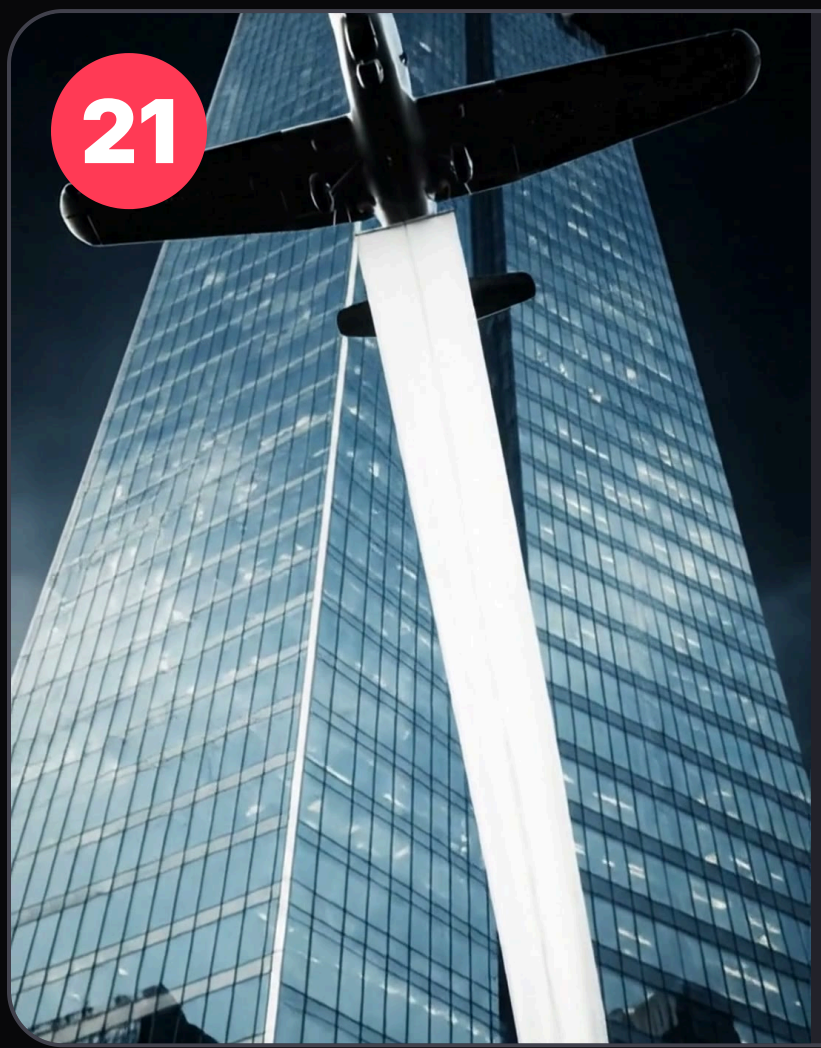

Score accounts weekly on 1st, 2nd and 3rd party signals and send sales a top 10 list on Monday

(a list of 5,000 MQLs is a list of nobody)

WHEN
Sales asks marketing for "better leads"

MEASURE
Share of meetings from the top 10

12 ABM PLAYS THAT FEEL ILLEGAL

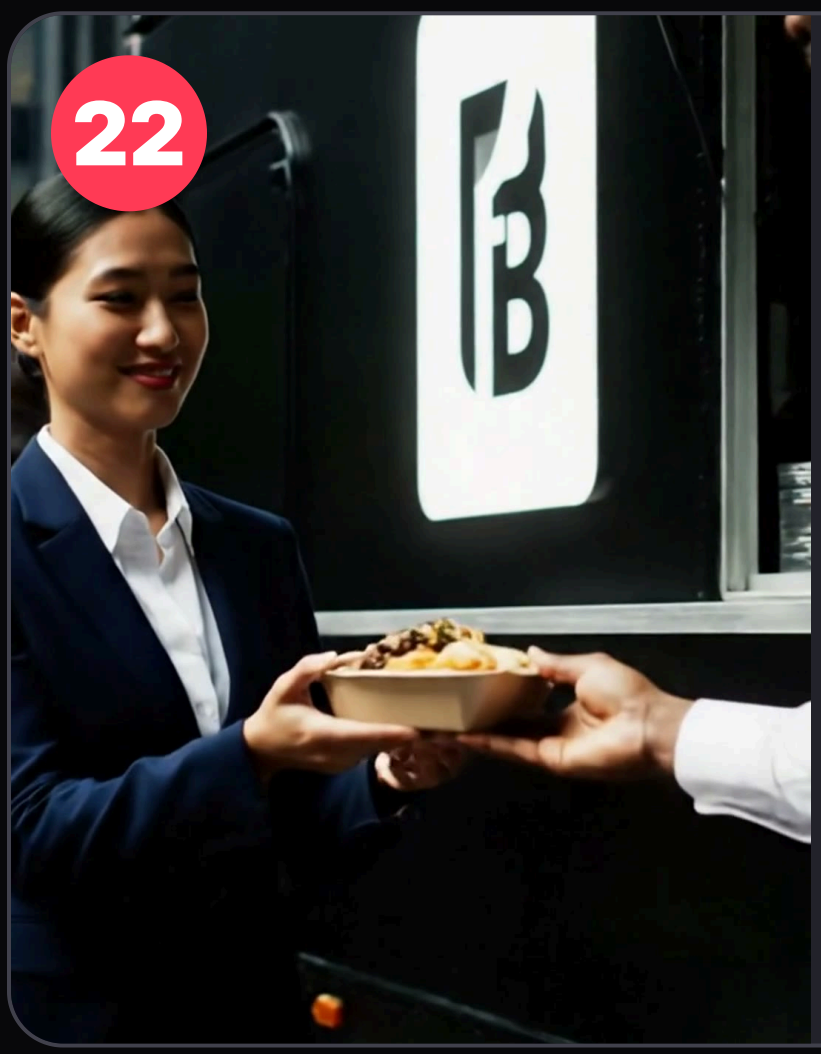

Banner Plane

WHEN
An account keeps visiting your pricing page

DO
Fly a banner over their office with their name and your phone number

MEASURE
A meeting within 2 weeks

WHY IT WORKS
Their office sees their name in the sky, and the photo reaches the CEO before your email does.

Food Truck

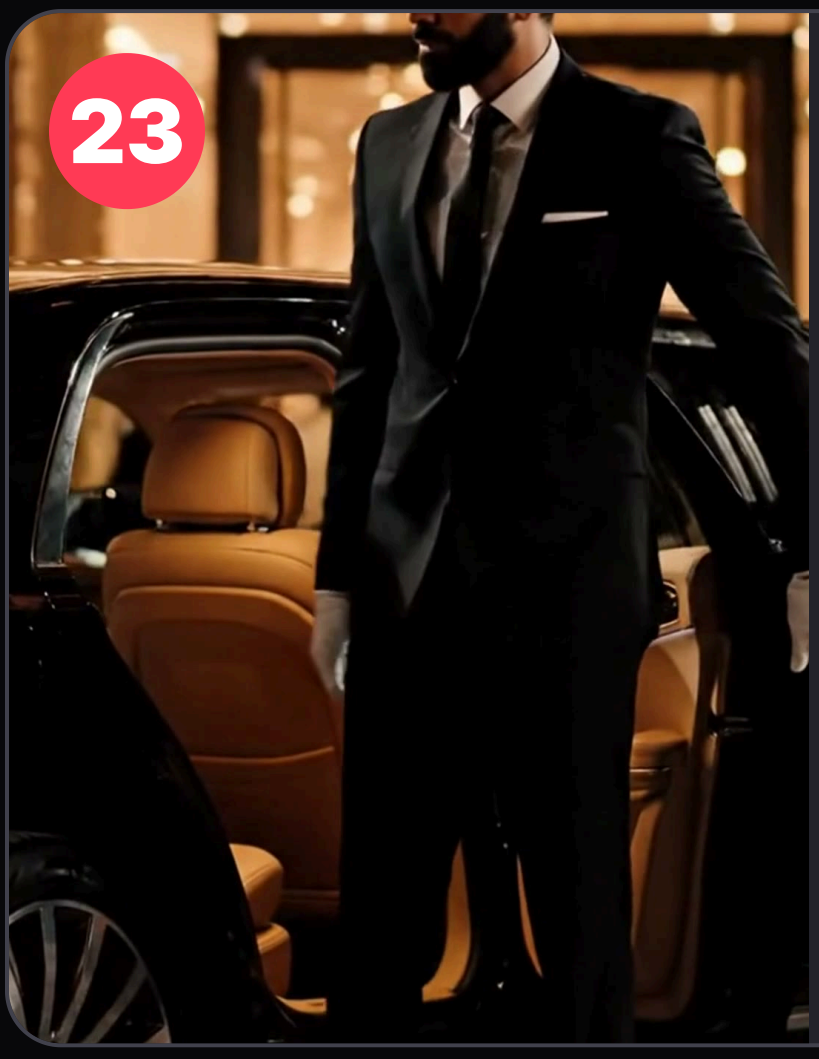

WHEN
You need the buying committee in the room

DO
Park a truck with their logo outside their office. Lunch is on you

MEASURE
New contacts from that account who reply

WHY IT WORKS
The buying committee eats your lunch on the same day, including contacts who never answer your emails.

12 ABM PLAYS THAT FEEL ILLEGAL

Private Driver

WHEN
Your target is flying in for a conference

DO
Send a driver to take them to the event, and share the ride

MEASURE
A meeting booked from the ride

WHY IT WORKS
A full ride alone with your target, and nobody can call it kidnapping.

Gift Basket

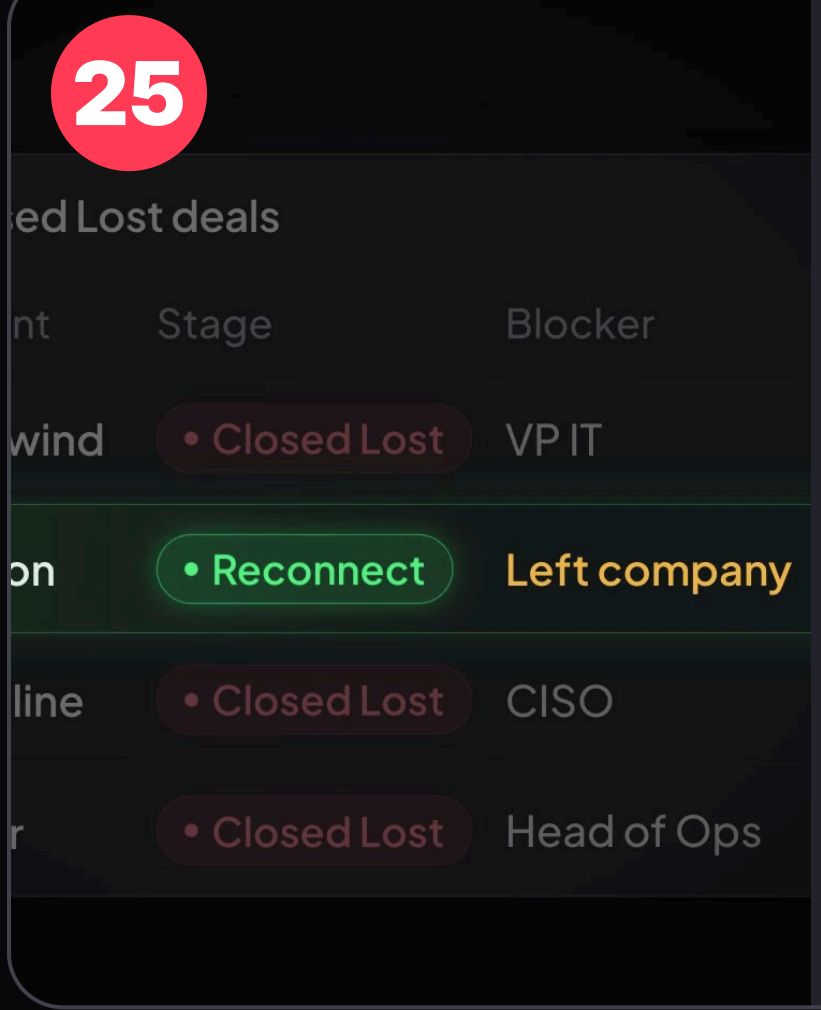

WHEN
Your champion starts a new job

DO
Send a basket in their first week

MEASURE
An intro to the buying committee at their new company

WHY IT WORKS
They're building a new stack and already trust you, so you're the first vendor they bring in.

12 ABM PLAYS THAT FEEL ILLEGAL

Costs $0

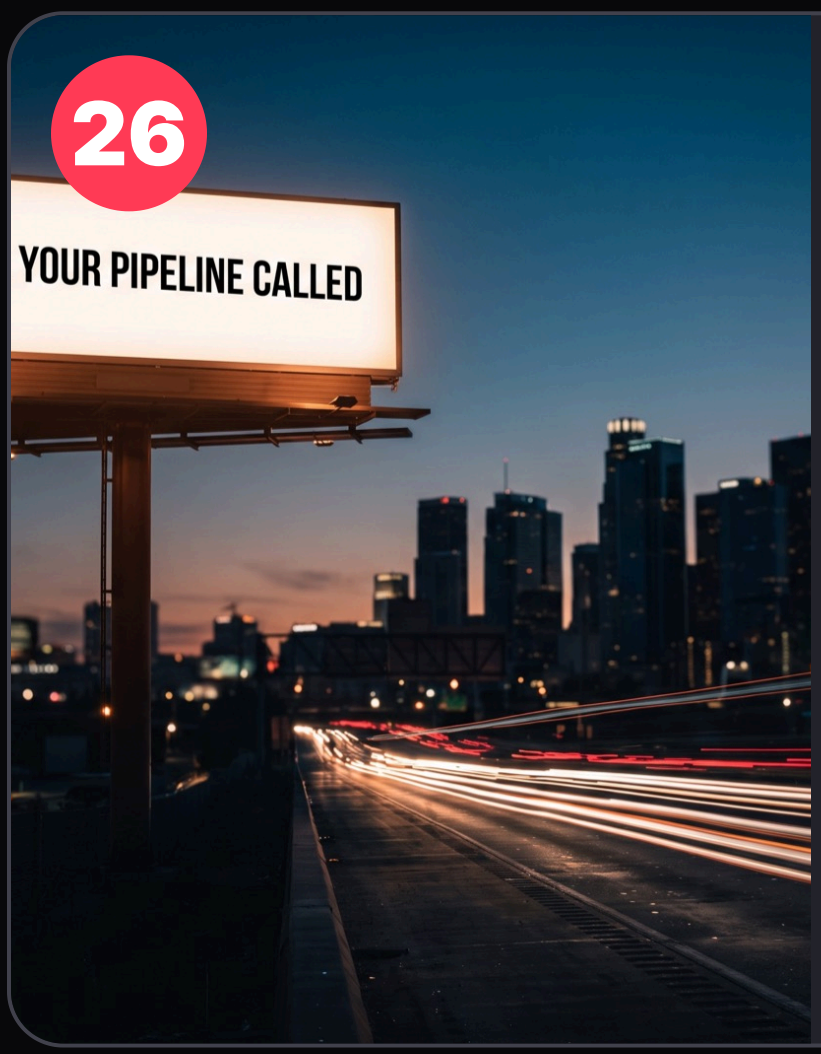

Reopen Lost Deals

WHEN
The person who blocked the deal leaves

DO
Log who blocked your Closed Lost deals and set an alert for the day they leave. Then reconnect with the rest of the committee

MEASURE
The deal reopening

WHY IT WORKS
The committee already said yes once, so the deal restarts warm.

Bonus

Billboard on Their Commute

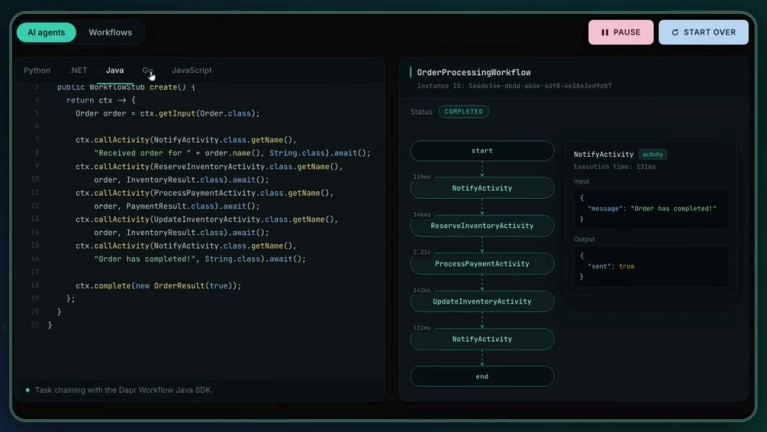

WHEN
A top 10 account's CEO ignores your outreach

DO
Rent a billboard on the CEO's drive to work, with their company name and 1 line about their problem

MEASURE
The CEO or their team reaching out

12 ABM PLAYS THAT FEEL ILLEGAL

27

ar Agents

I Ran This One

A Song About Their Company

WHEN
Their CEO posted company news this week on LinkedIn

DO
Send the CEO a video clip with a song written about their company, then follow up with a LinkedIn voice note

MEASURE
A reply from the CEO

WATCH IT
My song for Diagrid ▶

28

Feels Illegal

Hiring for Their Job

WHEN
A VP or CEO at a target account ignores your outreach

DO
Run a LinkedIn Ads post that looks like a job ad, with their company logo and their own job title. When they click, they find out your company is inviting them to interview you as their next vendor.

MEASURE
A click and a reply from that exec

12 ABM PLAYS THAT FEEL ILLEGAL

Times Square Congrats

WHEN
The account announced funding or a launch

DO
Put a congrats message with their logo on the biggest screen in their city, and send the CEO the photo

MEASURE
A reply from the CEO

Their Movie Trailer

WHEN
The account raises funding or launches a product

DO
Send the CEO a movie trailer starring their company and their launch

MEASURE
A reply from the CEO

12 ABM PLAYS THAT FEEL ILLEGAL

31

I Ran This One

AI Avatar Video

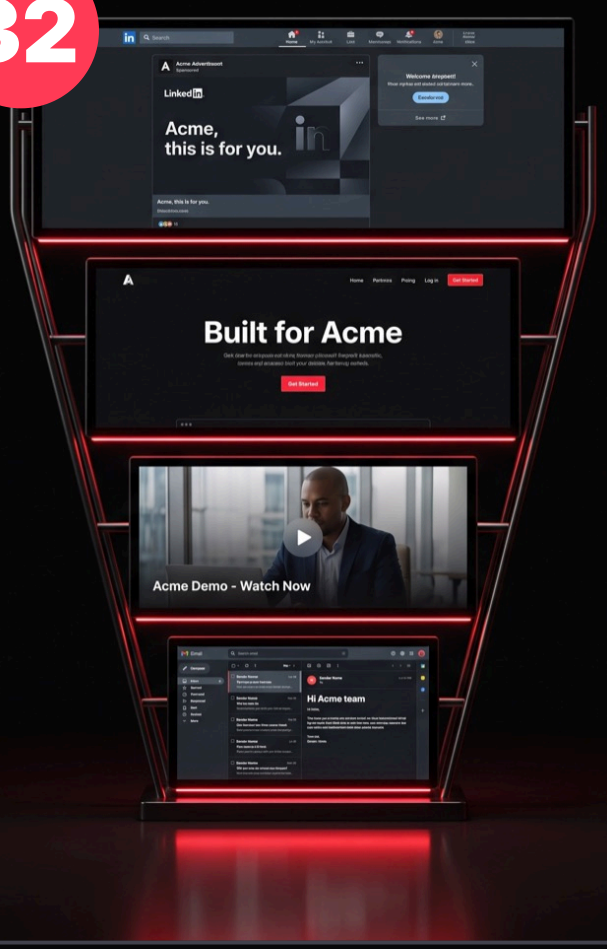

WHEN
Their CEO posted about a pain your product solves

DO
Send a LinkedIn video of your own avatar talking about that exact post

MEASURE
A reply from the CEO

THINK IT LOOKS FAKE?
Think again. This is the one I sent to Sri at H2O.ai.

32

Easiest

Funnel Per Account

WHEN
An account fits your ICP and shows interest

DO
Build 1 funnel for that 1 account, with an ad, a landing page, a video and an email sequence that name the account and its problem

MEASURE
A meeting booked from that account

WHY IT WORKS
Teams build 1 funnel per segment. Agents build the pieces in minutes, so you can build 1 per account.

OUTBOUND

4 Outbound Hacks

33 Open cold emails with the signal that triggered them

("I hope this email finds you well" never found anyone)

WHEN
A signal fires on a target account

MEASURE
Reply rate against your generic sequence

34 Send a LinkedIn voice note the day a target accepts your invite

(nobody reads your 300-word message either)

WHEN
A target accepts your connection request

MEASURE
Reply rate against text messages

35 Ask the CEO to rate their pipeline from 1 to 5 in your first email

(typing 1 number is easier than ignoring you)

WHEN
You reach founder-led companies

MEASURE
Replies with a number

36 Email 3 contacts at 1 account on the same day with 3 different angles

(they'll compare notes at lunch)

WHEN
An account shows 2 or more signals

MEASURE
Accounts with 2 or more replies

SDRS

4 SDR Hacks

37 Move your SDRs under marketing and feed them signals daily

(an SDR without signals is a $100K dialer)

WHEN
SDRs report to sales and miss quota

MEASURE
Meetings per SDR per month

38 Set 100 call attempts a day per SDR on accounts with fresh signals

(marketing writes the emails now)

WHEN
SDRs spend their mornings writing emails

MEASURE
Connects and meetings per day

39 Hand SDRs a 1-page brief per account before the call, with the signal, the pain and the last touch

("so, what do you do?" isn't a discovery question)

WHEN
SDR calls stall in the first minute

MEASURE
Connect-to-meeting rate

40 Pay SDRs on meetings that show up and move a stage

(a meeting nobody attends costs you twice)

WHEN
Your no-show rate goes above 20%

MEASURE
Show rate and stage moves

AI SDRS

4 AI SDR Hacks

41 Ask AI SDR vendors to define "AI SDR" in 1 sentence before you book a demo

(the definition changes from vendor to vendor)

WHEN
A vendor pitches you

MEASURE
Answers that match your own definition

42 Give 1 marketer agents for research, lists and first drafts before you buy an AI SDR seat

(no 12-month contract, no onboarding fee)

WHEN
You're about to sign an AI SDR contract

MEASURE
Meetings per month against the vendor's promise

43 Test your AI SDR on 50 accounts for 30 days with a kill date

(their case study isn't your pipeline)

WHEN
You already pay for an AI SDR

MEASURE
Meetings that show up and turn into pipeline

44 Read 20 emails your AI SDR sent before you renew the contract

(your prospects already read them)

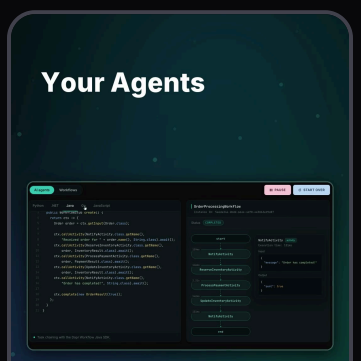

WHEN
Your renewal date is 60 days out

MEASURE
Emails you'd send under your own name
